### OUR PHILOSOPHY OF LEARNING

In a caring and positive atmosphere, we will provide a quality early childhood program, to meet the needs of each child. This program is structured to develop the social, intellectual, physical and emotional needs of each individual child. The goal is to give each child a sense of self-worth and help your child to learn and grow at his/her own rate.

A mixture of free play, group play, and curriculum-planned activities will promote the learning of these lifelong skills. The Staff will work to instill confidence and security in your child by providing a warm and creative atmosphere in a stimulating, educational, and social environment.
